DIRECTORY LISTING OPTIONS

Every customer may be listed once in the White Pages of the telephone directory without charge.Enhancement options can be added for a small additional monthly charge.

- **Nonlisted Service:** Your name and telephone number would be available in directory assistance but not in the White Pages.
- **Nonpublished Service:** Your name and telephone number would NOT be listed with directory assistance or in the White Pages.
- **Additional Listings:** You can list the same number under a different name such as a roommate or spouse with a different last name. Fax Numbers, e-mail addresses and alternate call listings (i.e. after 5 p.m. call...) can also be included.
- **Bold-face or Highlighted Listings:** These options are available to bring attention to your business.

ALLOWANCE FOR FAILURE OF SERVICE

The Telephone Company does not guarantee uninterrupted working of its lines and equipment. In case service is interrupted other than by negligence or willful act of the subscriber, an adjustment will be made in the amount of charges for such service, equipment and facilities furnished as are rendered useless or inoperative. Any adjustment shall apply only to the period the interruption continues beyond twenty-four (24) hours after notice of the interruption is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company. This failure of service applies only to local service within the subscriber's own exchange and does not apply to outages of toll lines or extended area service lines.

INSIDE WIRE MAINTENANCE PLAN

CenturyLink's® optional inside wire maintenance plan for residential and small business customers includes the diagnosis, repair and/or replacement of inside wiring and/or jacks. There is a small monthly charge for inside wire maintenance plan.

TELEPHONE PROTECTION PLAN

Our Telephone Protection Plan provides coverage for all of your eligible home tele-phones and Caller ID units against mechanical or electrical failure due to normal wear and tear or power surge. If your phone becomes inoperable for one of these reasons, you only make one toll free call to file a replacement request and a replacement phone is sent to you immediately for all covered requests. The process is convenient and easy. Call our Customer Contact Center for more information.

BILLING INQUIRIES

If you have questions about your CenturyLink bill, please call our Customer Contact Center. For questions about long distance charges, please see your CenturyLink bill. For your convenience a list of telephone numbers for each long distance company is provided.

PAYING YOUR BILL

For your convenience, a return envelope is included with each monthly bill. Detach the bottom portion of your bill and return with your payment. Write your telephone number or billing account number (BAN) on the check or money order. If the return envelope is not available, mail your payment to:

CenturyLink
P.O. Box 4300
Carol Stream, IL 60197-4300

BILL AND PAYMENT OPTIONS

LONG DISTANCE CALLING

DIRECT DIALING

Calls made without operator assistance are the most economical. Place the call by dialing 1 + the area code + the number and you will be charged the appropriate rate.

OPERATOR ASSISTED CALLS

There is an additional charge for calls requiring operator assistance. These calls are more expensive than calling card calls or calls dialed directly from your home or office. When away from home, you can choose the long distance company you want to handle your operator-assisted calls. Many companies provide collect, person-to-person, third-number billed and credit card services. Their rates may vary. You may ask any operator for company identification and rate information before beginning your call.

Person-to-Person Calls

Dial 0 + the area code + the number. Tell the operator you're making a person-to-person call to a specific person. You will be charged for the call when that specific person answers. You can place a person-to-person call when you call collect, use your calling card, or charge your call to a third number.

Third Number Billing

Dial 0 + the area code + the number and tell the operator you want to charge your call to a third number. If you're calling from a public telephone, the operator will call the third number to make sure the charges will be accepted. The call will not go through if the operator cannot get approval.

Collect Calls

Dial 0 + area code + the number and tell the operator you are making a collect call. The operator will hang up when someone at the number you have called accepts the charges.

BUSY LINE VERIFICATION

Some operator service providers offer busy line verification. There may be a charge for this service.

800/844/855/866/877/888 SERVICE

There is no charge for this service. To call a number that has one of these prefixes, dial **1 + 800/844/855/866/877/888 + the seven-digit telephone number.**

TIME AND CHARGES REQUEST

Dial 0 + the area code + the long distance number and tell the operator you want time and charges. When you finish the call, a computerized voice will return to the line to tell you what you will be charged.

SELECTING A LONG DISTANCE COMPANY

All telephone subscribers have the option to choose long distance companies for their 1+ calls.

IntraLATA long distance calls are calls that you place from your telephone to any community within your LATA that is not local (EAS.) InterLATA long distance calls are calls that you place from your telephone to any areas that are not considered local, EAS, or IntraLATA. Interstate calls are those that you place from your telephone to any location in another state. IntraLATA, InterLATA and interstate calls are long distance. The long distance company(ies) you have authorized will handle these calls.

"Equal access" allows you to choose the company you want to handle both types of calls. Once you have notified CenturyLink or your long distance provider of your choice, all your long distance calls will be automatically handled by this provider whenever you dial 1+ to make the call.

*CenturyLink® directories are distributed throughout the year. To request a new or replacement copy, customers of other local telephone service providers may call **1-800-267-1920** to place an order.*

Additional Services

CenturyLink offers a variety of optional calling services. You may subscribe to unlimited access to a particular feature for a low monthly rate or choose a bundle of our most popular features and services. Some features are also available for a per-use activation fee. For prices and availability of these and other services in your area, including Voice Mail, call our Customer Contact Center or go to www.centurylink.com.

Caller ID	Find out who's calling before you answer the telephone. Includes local and most long distance calls. Non-published or non-listed numbers will be displayed to subscribers of Caller ID Service, unless Selective Call Blocking is utilized.	**None**
Selective Call Blocking	Block your name or number from being displayed when you call others who have Caller ID. There is no charge for Selective Call Blocking service and nothing to order.	***67**
Call Waiting	Alerts you to a second incoming call when you are on the telephone. You will hear a tone during a call and the person calling will hear normal ringing until you answer.	**Switchhook**
You can temporarily suspend Call Waiting service before you place a call. Before making your call, dial 70# and then place your call. Call Waiting has been canceled for the duration of this call. Call Waiting is restored once you hang up.		
3-Way Calling	Lets three people at different locations talk together at the same time, no matter who placed the first call.	**Switchhook**
***To use 3-Way Calling as a pay-per-use feature** - Dial *71 and listen for an interrupted tone followed by a stuttered dialtone. Then dial the number of the person you wish to call and follow the instructions listed above.*		
Busy Redial	When you reach a busy number Busy Redial will monitor the number you called and ring you back when the line is available.	***66 / *86**
Call Forwarding	Call Forwarding routes a customer's incoming calls to another directory number entered by the customer.	**72# / 73#**
Call Return	Automatically dial the last number that called you. Call Return can be used to return a call whether you answered it or not, even if it was on Call Waiting.	***69 / *89**
Selective Call Rejection	Avoid calls from specific number. Blocked callers hear a message that says you are not presently accepting calls.	***60**
Selective Call Forwarding	Lets you choose which calls should be forwarded when you are away from your home or office.	***63**
Selective Call Acceptance	Use Selective Call Acceptance to screen your calls and only allow certain numbers to ring through.	***64**

CenturyLink®

Some services may not be available in all areas.

Speed Call (8 or 30)	Speed Call (8-30) allows you to create a list of telephone numbers that can be called by using a one or two-digit code..	

To create your Speed Call list - Assign a code to each of the telephone numbers. Listen for a dialtone and press *74 for Speed Call 8 or listen for a dialtone and press *75 for Speed Call 30. Wait for a second dialtone, then dial the code you want to assign and the telephone number you want the code to represent. Listen for three beeps to confirm that your number has been accepted; hang up or wait for a dialtone. Repeat steps 2 through 4 to add each number to your Speed Call list or to change an existing number.

For Speed Call 8, assign a one-digit code (2-9)
- Example: 2 (code) 555-1234 (telephone number) or 2 (code) 1-123-555-1234 (long distance number).

For Speed Call 30, assign a two-digit code (20-49).
- Example: 20 (code) 555-1234 (telephone number) or 20 (code) 1-123-555-1234 (long distance number).

To call a number on your Speed Call List:
- Dial the assigned code for the number you want to call. Press the # key. The number will be dialed for you after a short pause.

Call Trace	Call Trace allows a party to initiate an automatic trace of the last incoming call. There is a charge either to obtain or to use Call Trace service.	***57**

***To use Call Trace** - Immediately after receiving a call that you wish to be traced, press and release the switchhook and listen for a dialtone. Dial *57 (1157 for rotary). If the trace was successful, you will hear an automated announcement, and you must stay on the line and follow the instructions provided. The traced number will be stored at CenturyLink and will only be released to authorities.*
***Note** - If a Call Waiting tone is received during a call that is to be traced, tracing will occur on the Call Waiting call rather than the original calling number.*

Customer Rights and Responsibilities

LIFELINE TELEPHONE ASSISTANCE PROGRAM

CenturyLink participates in a program to make residential telephone or broadband service more affordable to eligible low-income individuals and families. This program, established by the Federal Communications Commission, offers discounted basic local service to qualified customers. In addition, service deposits are generally waived for customers electing to place toll restriction on their lines. Monthly charges for toll restriction will be waived for customers requesting to have that restriction on their account.

Who is Eligible for Assistance?
Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs.

Lifeline discounts on voice service include a transfer restriction (port freeze) for 60 days. This means that you are unable to obtain the Lifeline discount on service with another provider for 60 days from the date that your current voice service Lifeline discount began. Lifeline discounts on broadband services are available to participants of federally recognized aid programs and is limited to certain broadband services. Broadband speeds must be 10 Mbps download and 1 Mbps upload or faster to qualify. Lifeline discounts on broadband include a transfer restriction (port freeze) for 12 months. This means that once Lifeline broadband Lifeline discounts begin, you will be unable to obtain a Lifeline discount with another provider for 12 months if you switch your service. Certain exceptions to the transfer restrictions may apply. See **http://www.lifelinesupport.org/ ls/change-my-company.aspx** for more information.

The Lifeline discount is available for only one telephone or broadband service per household and can be on either wireline or wireless service. A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain a Lifeline discount can be punished by fine or imprisonment and can be barred from the program.

ARKANSAS RELAY SERVICE

The Americans with Disabilities Act, signed into law in July, 1990, requires that all telecommunications utilities provide access to their services by Teletypewriters (TTY). To make a Voice to TTY or a TTY to Voice call, a Relay Service must be available. Specially trained personnel, known as Communication Assistants (CAs) act as a go-between and "relay" calls between deaf, hard of hearing, or speech impaired persons and the parties they call.

In order to avoid the necessity of each telephone utility establishing its own Relay Service, nationwide each state has chosen to set up a single statewide Relay Service. Each statewide service must be accessible toll-free from anywhere in the state, and must provide 100% confidential, professionally handled calls.

There is no extra charge for using Arkansas Relay Service (ARS), which is available 24 hours a day, 7 days a week. Charges for long distance calls are made at tariffed discount rates as if the call was a direct call.

Numbers to use for ARS are 7-1-1 or:

TTY Users.....**1-800-285-1131**
Voice Users.....**1-800-285-1121**
VCO.....**1-866-656-8260**
HCO.....**1-800-285-1131**
STS.....**1-866-656-2966**
Spanish.....**1-866-656-1842**

Customer services for ARS may be contacted at:

TTY/Voice.....**1-800-676-3777**

Do not call ARS for emergency help unless you cannot reach **9-1-1** or **9-1-1** is not available in your area.

SERVICES FOR THE DISABLED

If you are blind or hearing impaired or know someone who has a physical disability causing telephone hardship, the Telephone Company can help. For more information about special equipment for the disabled, call our Customer Contact Center.

HARASSMENT CALLS

It is against the law to make threatening, obscene or nuisance calls. Should you be the victim of a threatening call, report it immediately to the police. If you do receive obscene or nuisance calls and have identified them as such, follow these suggestions:

- Hang up.
- DO NOT provide any information about yourself.
- Advise your children to do the same.

If the calls continue, contact the police and a CenturyLink® representative for advice. Often, changing your number will resolve the problem.
(If available in your area, utilize Call Trace and report their number to the police. A charge may apply for this service).

YOUR RIGHTS REGARDING PAY-PER-CALL SERVICES

CenturyLink wants to be sure you are informed of your legal rights related to pay-per-call services. These are services you generally access through dialing prefixes like "900" or "700" and

that charge by the call or by the minute. CenturyLink does not provide interstate pay-per-call services, but we do bill customers in our local service region on behalf of many third-party companies, including inter-exchange long-distance carriers and billing aggregators. A number of these companies, in turn, bill on behalf of pay-per-call service providers. You have specific rights and responsibilities regarding pay-per-call charges and we are providing this notice in order to explain those rights as described in the federal Telephone Disclosure and Dispute Resolution Act (TDDRA).

To Report a Billing Error

If you believe you have been billed in error for any pay-per-call services, call the toll-free number listed on the bill page where the pay-per-call charge appears no later than 60 days after you receive the bill containing the charges; or 60 days after the goods you ordered were delivered or should have been delivered, whichever is later. When you call, be prepared to provide the following information:

- Your name and telephone number
- The date the disputed charges first appeared on your bill
- The amount of the disputed charges
- A brief explanation of why you believe you were billed in error

If you contact CenturyLink either directly or because CenturyLink is acting as the first point-of-contact for a pay-per-call billing entity about a disputed charge, CenturyLink will credit your bill for the disputed amount and refer the matter and the charges back to the billing entity. That billing entity, or the pay-per-call service provider, may elect to pursue further action, so it is always good to follow- up with the entity billing the charges on behalf of the pay-per-call provider to assure full resolution of your matter.

Response From the Billing Company

In the event you contact the company whose name appears on the bill page where the pay-per-call charge appears in a timely manner, they must acknowledge your claim in writing within 40 days if they haven't resolved your claim within that time. This company must also acknowledge that you are not required to pay the disputed charge pending resolution of their investigation. You must still pay the non-disputed portion of your bill; failure to pay may result in collections activity against you. If the disputed amount has already been sent to collections, the collection activity will be suspended. This same company must investigate, within 90 days of your initial complaint, whether or not the disputed charges are valid. If there was a billing error, the billing company will let you know and will adjust the charges as appropriate. If the charges have been referred to collections, the collections activity will stop. If the billing company determines the charges were not billed in error, you will receive a written explanation detailing how that conclusion was reached, how much you owe, and the date by which you must pay it. Failure to pay could lead to collection activity. If you continue to dispute the charges, the billing company should not report you as delinquent without also reporting that you continue to dispute the charges.

Compliance

Any long-distance carrier or billing aggregator acting as a billing agent for a pay-per-call service provider that does not comply with the federal rules may not collect the first $50 of any disputed pay-per-call transaction regardless of whether or not the disputed charges are discovered to be correct.

Additional Customer Rights

- You have a right not to be billed for pay-per-call services that do not comply with federal laws and regulations.
- Your local telephone service cannot be disconnected if you do not pay for pay-per-call services.
- You may request a block to prevent access to pay-per-call services from your phone line. CenturyLink will provide the block, where feasible, at no charge to you.

TELEMARKETING CALLS

Avoid the frustration sometimes associated with telemarketing calls by following these five steps:

- Find out who is calling; always secure the name of the company and individual with whom you are speaking.
- If you are interested in the product or service the caller is offering, request that information be sent to you via mail. Specify that you are not agreeing to purchase anything, but would like to review the information in writing.
- If you are not interested, politely interrupt the caller and end the conversation.
- If you are sure you do not wish to receive future solicitations from that company, ask to be removed from the company's list.
- DO NOT GIVE YOUR CREDIT CARD NUMBER unless you are certain the call is legitimate.

You may place your telephone number on the National Do Not Call Registry by calling **1-888-382-1222, (TTY 1-866-290-4236)** or online at **WWW.DONOTCALL.GOV.**

CUSTOMER INQUIRIES

A customer may verify the accuracy of a bill by contacting the Customer Contact Center. Our representatives are trained to handle customer inquiries promptly. Please contact our service representative and state your complaint. If you have a suggestion for resolving the complaint, please state it. Write down the name of the person to whom you talked.

If you are dissatisfied with the results of your complaint you may contact the Arkansas Public Service Commission.

Emergency Preparedness

Emergencies and disasters can occur anytime, anywhere. Some are primarily seasonal and allow for certain preparations, other occur without warning. Planning ahead and making provisions for your family's needs can make a big difference in your ability to cope with emergencies. Detailed information on emergency preparedness is available from the American Red Cross and city and county agencies.

FLOODS AND FLASH FLOODS

Floods claim an average of 263 lives every year. Flood waters only one foot deep can sweep you off your feet. If you live in a flood-prone area, it is important to be prepared in case flooding does occur. Determine your nearest safe area above flood waters. Develop an evacuation plan. Remember that many roads, bridges, and existing drainages may be swept away by flood waters.

A flood WARNING means flooding is occurring or will occur soon. **If the National Weather Service issues a flood WARNING for your area, you should:**

- Turn off your utilities if your home is likely to be flooded.
- Fill your car's gas tank.
- Evacuate if you are told to do so. (See the following section on evacuation procedures.)

Flash floods are rapidly developing floods that can happen with little or no warning. Flash floods are most often caused by intense rainfall, severe thunderstorms, or breaks in a dam, levee, or dike. A flash flood WARNING means you may have only a very short time to escape. A flash flood can happen so rapidly that you may not even get a warning.

If the National Weather Service issues a flash flood WARNING for your area or if you suspect a flash flood is occurring, you should:

- Leave low-lying areas immediately.
- If you are driving, stay away from creeks and open ditches. If your car stalls in rapidly rising waters, abandon it IMMEDIATELY and climb to higher ground. The rushing waters from floods and flash floods are extremely dangerous.

Remember:

- Police barricades are there for your protection. DO NOT DRIVE AROUND THEM
- Flood waters covering roads and bridges have more force and power than you think.
- Walking or driving through flood waters is the most dangerous thing you can do.

EVACUATION PROCEDURES

You will receive instructions to evacuate the area in one of the following ways:

- The Emergency Alert System (EAS).
- A uniformed agent of law enforcement or the fire service will contact you.
- Mobile sirens, police, fire or other PA systems will be used to alert you.

Shelters will be available for residents who cannot stay with friends or relatives in other areas. The Red Cross has prearranged shelter sites throughout the community. If shelters need to be opened for emergency housing, listen to the EAS for the exact locations.

If there is time, take a moment to gather a few important items you may need. Do this as quickly as possible and leave as soon as you can.

IF YOU CAN, BRING THESE ITEMS WITH YOU:

- Prescription drugs.
- Food–if needed for a special diet.
- Eyeglasses or contact lenses.
- Change of clothing.
- Personal items–toilet articles, documents, photo albums.
- Bedding–sleeping bag, pillow, blankets.
- Baby or child supplies–diapers, food, toys.
- Money, credit cards, checks.
- Proper identification.
- Pets–provisions will be made for pets. They will stay in separate housing, but bring food if possible.

Emergency numbers are printed in the front of this directory.

TORNADOES

If you see or hear a tornado, seek shelter immediately. Bring a portable radio for news and weather updates. Lie flat and protect your head and eyes.

Here are some guidelines for seeking shelter:

In homes: Stay away from windows, doors, and outside walls. Go to the basement. If the house doesn't have a basement, go to a first-floor bathroom, closet, or another room at the center of the house. If possible, get under heavy furniture or cover your head with blankets or pillows.

In schools: Stay away from windows and large areas such as auditoriums and gymnasiums. Go to the basement. If there is no basement, go to a small interior room or a hallway on the lowest floor.

In public buildings: Stay away from windows. Don't go to your car. Go to a designated shelter area or to an interior hallway or a small room on the lowest floor.

In mobile homes: Get out immediately. If there isn't a reinforced building or underground shelter nearby, take cover in a ditch or valley.

NUCLEAR PLANNING AND RESPONSE

What is radiation?

Everything on earth is made of tiny particles called atoms. Some atoms give off energy. This energy is called radiation. Radiation is a form of energy that moves in waves or particles. It is found throughout the natural environment in the form of light, heat and radio waves. Nuclear radiation comes from radioactive material, such as uranium. There are also naturally occurring radioactive atoms in everything in the environment, even your own body. While you cannot hear, see, feel, taste, or smell radiation, it can easily be detected with special equipment. Radiation is a very natural part of our daily world. We all receive very small amounts of radiation each day from the air, food, the earth, and building materials. We are also exposed to radiation from other sources such as x-rays used by doctors and dentists and from consumer products such as TV sets. The amount of radiation that a person gets is measured in millirems. In Arkansas, the average radiation exposure from naturally occurring and man-made radiation is up to 180 millirems per year. Most studies indicate that radiation exposure of up to several thousand millirems per year, results in no measurable effect.

What is an emergency?

An emergency at a nuclear power plant could be caused by many things. State and local officials will be notified of any emergency that could cause the nuclear plant to become unsafe. There are four classes of emergencies at nuclear power plants:

NUE – notification of unusual event is the least serious emergency class. It means that something out of the ordinary has happened. People living in the area should not have to take any action.

ALERT – this class means plant safety could become a problem. State and local officials will go to their emergency centers to follow the situation. The general public should not have to take any action.

SAE – site area emergency, means the public might be affected. You should hear the Emergency Warning System. Tune in to your local radio stations for information. State and local officials will take action to protect those living in the area.

GE – general emergency, is the most serious emergency class. State and local officials will take action to protect people in the area. Stay tuned to your local radio stations for instruction.

Within 15 minutes of the time an emergency is declared at Arkansas Nuclear One, Entergy Operations, Inc. must notify state and local officials. Through use of the Emergency Warning System, state officials can notify the public of an emergency within 15 minutes. You will hear a steady siren signal lasting about 3 minutes.

PLEASE STAY CALM!

When you hear the sirens, listen to one of these local radio stations for information:

What about Sheltering?

Sheltering means to stay indoors. Close all doors and windows. Turn off sources of outside air. Close the fireplace flue if not in use. Remain indoors until told it is safe to go out. Use the telephone only for medical, fire or other extreme emergencies. If traveling in a vehicle, close winders, air vents and put the air conditioner on the maximum setting if needed. Always listen to your local radio station or NOAA weather radio for further instructions.

What about staying indoors?

Staying indoors simply means to do that: stay indoors. It is similar to sheltering, but instead of turning off air

CenturyLink®

conditioning and heat, you leave them running if necessary. Since mid-summer heat in Arkansas can often climb above 100 degrees, closing your home without air conditioning could present more of a health hazard than the one presented by a release at ANO. The filters in your home's heat and air system will act to filter some of the radioactive particulates that might be in the air in your areas because of a release at the nuclear plant. The Health Department believes this to be a logical and safe alternative to sheltering during weather extremes.

EVACUATION PROCEDURE

Look at the map on page 27 and find out which Care Center you would go to and how you would get there. If an evacuation begins, don't rush, you'll have time. When you leave home, tear out the "NOTIFIED" tag from the back of your Emergency Instruction Brooklet. Attach the tag to the front of your home so officials will know you have gone. As you leave the area, tell a neighbor about the evacuation. They may not know about the evacuation and may need a ride to a Care Center. You may need to stay at the Care Center for two or three days. This will depend on conditions at the plant. Listen to the radio for current information.

- portable radio

HOME SAFETY TIPS

Sheltering means to stay indoors. Close all doors and windows. Turn off sources of outside air. Close the fireplace flue if not in use. Use telephones only for medical, fire, or extreme emergencies. Remain indoors until told it is safe to go out. If traveling, close auto windows and vents and put air conditioner on maximum, if needed. Listen to you local radio station for further instructions.

SCHOOL EVACUATION PROCEDURES

Schools will be notified before the general public and students will be taken to a Care Center. Parents should not attempt to pick up their children at the schools since this will create a traffic problem. Once children are registered at the Care Center, they may leave with a parent or legal guardian. If it is necessary, students will be monitored for radioactive contamination.

SPECIAL ASSISTANCE INFORMATION

Are you:

- hearing disabled/hard of hearing/deaf
- unable to hear a siren in your location
- mentally or physically challenged

Or would you:

- need a ride to a care center
- need special notification

If one of these applies to you, fill out a "SPECIAL NEEDS INFORMATION" form. If you don't have one, contact:

Our office is located at 305 South Knoxville in Russellville and office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday, excluding holidays. To report siren problems, NOAA Weather Radio problems, or any urgent concern, you may call the above telephone numbers 24 hours a day.

SEVERE WEATHER

The siren system around Arkansas Nuclear One can be used to alert the public of severe weather. This can be done by local official if they feel it is necessary.

LIVESTOCK INFORMATION

A free pamphlet is available from Nuclear Planning and Response. Use the information above to contact our office.

WHAT ABOUT MY PETS?

For reasons of health and safety, it is strongly recommended that pets not be brought to any designated care center, however, it may be necessary under certain circumstances to do so. To facilitate the reasonable accommodation of common household pets, measures designated to assure a safe stay at the center are required. While pets will not be allowed inside the actual care center, facilities will be provided for the housing of your pet. Animals should be transported in, and remain housed in, portable containment devices while at the care center. Care for these animals, such as providing food and water, will be the responsibility of the owner. Veterinary care needed by individual animals will be provided by the pet's owner. Liability for any harm or damage caused any animal while at the care center will also be the responsibility of the owner.

Community Spotlight

The Arkansas River Valley could possibly be the most beautiful area of The Natural State. Nestled between the Ouachita and Ozark Mountains, the River Valley is an area of scenic highways, rivers, lakes and streams, with plenty of events and attractions for all.

Clarksville is the county seat of Johnson County and is home to the University of the Ozarks, the Ozark Mountains and the Arkansas River, allowing for plenty of recreational activities.

Dardanelle, located on the Arkansas River is the oldest town between Little Rock and Fort Smith. Dardanelle is the sight of the first local lock and dam, paving the way for social and economic growth in the area. Holla Bend National Wildlife Refuge and Mount Nebo State Park also offer many recreational activities.

Russellville is home to the Bona Dea Trails and Lake Dardanelle State Park. Visitors interested in history will enjoy the Arkansas River Valley Arts Center and the Arkansas Tech Museum, located on the Arkansas Tech University campus.

The Arkansas River Valley has so much to offer; people of all ages are sure to find something they love.

ARKANSAS RIVER VISITOR CENTER
U.S. Army Corps of Engineers
Russellville Project Office
1598 Lock and Dam Road, Russellville
968-5008
www.usace.army.mil
Located at the midpoint of the 450-mile McClellan-Kerr Arkansas River Navigation System, the theme of this visitor center is "Renaissance of a River." Interpretive exhibits take you back through the development of the River Valley from the time Native Americans were the sole occupants of this area to the present. Also, check out wildlife exhibits, an educational presentation and hands-on exhibits. The facility tells the intriguing story of how the Arkansas River was transformed into a safe, useful and productive waterway. Information is also available for the many parks located along the Arkansas River. Parks offer opportunities for full-service camping, picnicking and other recreation. Maps are also available. Open year-round, Monday through Friday, 8 a.m. to 4 p.m.; Memorial Day through Labor Day, Saturday, 10 a.m. to 4 p.m.

www.dardanellechamber.com
A massive 400- to 500-year-old white oak tree where a Cherokee Indian chief signed a treaty, known as the Council Oaks Treaty, giving all land south of the Arkansas River to the territory in 1820. Researchers have determined the Council Oaks are the oldest white oaks trees in Arkansas, and one existed long before European explorers set foot on this continent.

HOLLA BEND NATIONAL WILDLIFE REFUGE
10448 Holla Bend Road, Dardanelle
229-4300
www.fws.gov/hollabend
Holla Bend National Wildlife Refuge lies along the Arkansas River and is bounded by an old oxbow, created by the Army Corps of Engineers, to promote navigation and flood control. It protects 7,000 acres of bottomland hardwoods and wetlands and provides resting and feeding areas for wintering waterfowl, bald and golden eagles, and migratory songbirds. Water management, cooperative farming, forest management, and other management techniques all help to keep the wildlife habitat safe and flourishing. The refuge is open during daylight hours and gate closing time is always posted.

www.atu.edu
What will the next generation of leaders discover at Arkansas Tech University? They will find a learning environment that has created one of the top two graduation rates among all public universities in Arkansas. Arkansas Tech offers more than 120 programs of study, including the five areas most popular among college freshmen — business, engineering, the natural and health sciences, the social sciences and teacher education. Pre-professional programs prepare Tech students to become doctors, dentists, lawyers, pharmacists, physical therapists and veterinarians. Over the past two decades, Arkansas Tech has invested more than $250 million in campus improvements designed to enhance the educational experience. Discover Arkansas Tech. Visit discover.atu.edu to learn more.

UNIVERSITY OF THE OZARKS
415 N. College Avenue, Clarksville
1-800-264-8636
www.ozarks.edu
University of the Ozarks is a fully accredited, private, four-year university with approximately 650 students. The picturesque 30-acre campus sits atop College Hill and is anchored by the historic Munger-Wilson Chapel, a Gothic-style, limestone cathedral that has stood as the spiritual heart of the campus since 1933. Ozarks offers close to 30 academic majors in the areas of business, education, communications, humanities, fine arts, science, mathematics, political science and more. As a trendsetter in higher education, Ozarks was the first college in Arkansas to admit women (1872), the first predominately white college in Arkansas to graduate an African-American (1959), and the first college in the nation to develop a support program for students with learning disabilities (1971).

River Valley, AR Yellow Pages Classified Directory

Vivial publishes directories on behalf of CenturyLink. Those directories include classified, or "Yellow Pages" sections. The Yellow Pages contain the listings of area telephone subscribers, classified under one or more directory headings for the purpose of identifying the nature of their business or profession. Vivial and CenturyLink assume no responsibility for errors or omissions with regard to any free listings, or with regard to Yellow Pages listings. Such errors or omissions of free items may be corrected in a subsequent issue if reported in the following manner: 1) Paying Advertisers should reference their Terms & Conditions for contact information http://www.Vivial.net/legal/ 2) Residential and Non-Paying Customers should contact their local service provider. Liability for errors or omissions in paid-for listings and advertising, which includes Yellow Pages listings, is limited to, and shall not exceed, an abatement of the charges for such listings or advertising during the life of the directory.

Certain businesses or professions are subject to regulation by various governmental bodies or regulatory agencies, which require special approvals or the issuing of a license to do business. The regulation of those businesses and professions may also govern the manner and content of the advertising in the directory. It is solely the responsibility of those advertisers to assure their advertising complies with any regulation to which they are subject. Neither Vivial nor CenturyLink assumes any responsibility or obligation that the organization of the directory or any advertising appearing in the directory comports with any regulatory scheme to which any advertiser is subject. Neither CenturyLink nor Vivial warrant or represent that the professions and businesses listed in the Yellow Pages are validly authorized or licensed to do business. Questions relating to whether a subscriber advertising in the Yellow Pages is duly authorized or licensed should be directed to the appropriate governmental body or regulatory agency responsible for regulating such a business or profession.

Prices, percent discounts and offers listed in advertising, are listed at the advertiser's request. The advertiser is solely responsible for its content and obligation of fulfillment.

All real estate advertised herein is subject to the Federal Fair Housing Act of 1968 which makes it illegal to advertise "any preference, limitations, or discrimination based on race, color, religion, sex, or national origin, or intention to make any such preference, limitations, or discrimination."

Scott C. Dickinson, DMD. 1 For qualified patients. 2 Subject to doctor evaluation and prescription. 3 Length of warranty dependent on denture style selected. Warranties range from 6 months to 7 years. 4 For new patients that do not have dental insurance. New patients must be 21 or older to receive free exam and x-rays, a minimum $170 value. Minimum savings is based on a comprehensive exam and full X-ray series; the value of the savings will vary based on doctor recommendation. Discounts cannot be combined with other offers or dental discount plans. 5 Denture Money-Back Guarantee applies to all full and partial dentures and covers the cost of the permanent denture(s) only. The guarantee period begins upon insert of final denture or hard reline and refund request must be submitted within 90 days thereafter. Denture(s) must be returned within 90 days after refund request date. Offers must be presented at first visit. Offers expire 5/31/19. © 2018 Aspen Dental Management, Inc.

home improvement 1 stop

Home Improvement projects run the gamut from easy do-it-yourselfers to massive overhauls. Whether you are planning to repaint a room or tear down your home and rebuild, there are scores of choices to make. The basics are right here at your fingertips for convenient reference. Creating a budget, remembering safety first and having the necessary tools are positive first steps to any home improvement project.

Use our guide to make your next home improvement project, what ever it may be, a success!

Top ten tools to have on hand:

1. **Hammer:** General-purpose 16 ounce
2. **Screwdrivers:** Flat and Phillips
3. **Square:** Speed square
4. **Saw:** Circular
5. **Measuring Tape:** Twenty-five feet length
6. **Level:** Two inch
7. **Pliers:** Adjustable
8. **Putty Knife:** Stiff or scraper
9. **Wrenches:** Adjustable
10. **Stud Finder:** Laser or battery operated

Home Improvement guidelines:

- Determine cost of project, and don't forget tax.
- Create a budget.
- Use funds from savings only if you won't break bank.
- Use credit cards for small projects that you can quickly pay off.
- Do research before using contractor financing.
- Talk to lenders about options.
- Select loan and repayment program that fits your needs and budget.

Home Improvement Notes:

wedding1stop

Weddings are one of the most important days of the bride and groom's lives. Months of preparation and planning go into creating a unique celebration of the wedded couple's love. Pressure to fashion the "perfect day" can lead to stress and anxiety. A well organized and thought out event will be much more enjoyable than one that is disorganized and chaotic. Our guide will walk you through, month-by-month, what you need to do to create a well-organized, almost-perfect wedding day.

Checklist:

Six To Twelve Months Before:

- ☐ Select a wedding date and time
- ☐ Make a preliminary budget
- ☐ Determine your wedding theme or style
- ☐ Reserve your ceremony and reception location
- ☐ Select attendants
- ☐ Select a caterer
- ☐ Select a professional photographer and videographer
- ☐ Select wedding attire
- ☐ Make transportation arrangements for wedding day

Four Months Before:

- ☐ Make final arrangement for ceremony
- ☐ Register at a bridal registry in the towns of both families
- ☐ Order invitations
- ☐ Complete the guest list
- ☐ Start planning the honeymoon
- ☐ Discuss reception timeline and parties involved
- ☐ Make reservations for any rentals

Two Months Before:

- ☐ Address invitations and mail 4 to 6 weeks prior to wedding
- ☐ Finalize all details with wedding vendors
- ☐ Order wedding cake
- ☐ Plan rehearsal dinner
- ☐ Make appointments with hairdresser
- ☐ Finalize honeymoon plans
- ☐ Choose gifts for attendants

One Month Before:

- ☐ Have a final fitting for your bridal gown
- ☐ Get marriage license
- ☐ Make sure you have all accessories: toasting goblets,
- ☐ ring pillow, garter, candles, etc.
- ☐ Buy your wedding bands
- ☐ Make reservation for bridesmaids luncheon

Two Weeks Before:

- ☐ Reconfirm the accommodations for out-of-town guests
- ☐ Discuss with hairstylist your look for wedding day
- ☐ Verify bridal party attire
- ☐ Send wedding announcement to newspapers
- ☐ Make arrangements for name and address change

One Week Before:

- ☐ Give the final count to caterer and review details
- ☐ Go over final details with all professional services
- ☐ Give photographer the list of pictures you want
- ☐ Plan seating arrangements
- ☐ Pack for the honeymoon
- ☐ Discuss final details of ceremony and reception

Wedding Day:

- ☐ Make sure to eat something
- ☐ Go to hairdresser and makeup appointments
- ☐ Make sure wedding dress is pressed and steamed
- ☐ Remember rings and license
- ☐ Relax and enjoy your day
